Perhaps nothing is more revered than honoring the institution, the college or university, which hosts the Sigma Beta Delta chapter.

This year's chapter review, is the institution, the college or university, which hosts the Sigma Beta Delta chapter.

The presence of Sigma Beta Delta on the Mary Baldwin College campus and the life of a chapter is a testament to excellence at Mary Baldwin College in general, and in the business community in particular.

The chapter, along with its most honored and revered traditions, was celebrated at the annual installation ceremony following our most honored traditions. Perhaps nothing is more revered than honoring the institution, the college or university, which hosts the chapter.

SBD and Mary Baldwin College: A Double Celebration

The Honor Community Responds

Fundraiser for the President of the College—We are honored to accept this challenge for Sigma Beta Delta and for the opportunity we have to align this important occasion with celebrating the founders. It is quite significant that 158 years of contributions have been directed toward one million dollars for the college's endowment and research funds. This is an opportunity for the college to raise awareness and appreciation for the college's foundations and to build on a legacy of giving. The college is committed to this effort and will continue to work closely with Sigma Beta Delta to maximize this opportunity.

The college will be happy to accept donations through the college's current fundraising campaign.

The President’s Reflections on 15 Years

In lieu of the usual President’s letter, a question and answer conversation with President Emeritus Dr. Sandra H. Hart - Founding President. Here is a brief, but quite moving, note from one of them:

(Cont. from p. 1)

On the face of it, one would think that the time we’ve been in existence is the growing acceptance of distance education. Forty years ago, how many of you would have thought that?”

What are your aspirations for Sigma Beta Delta in the next 15 years?

With 15 years now concluded, is there any one single proud moment that you would like to share with us?

The existence of an honor society is something to be proud of across campus.”

I think that the Sigma Beta Delta journey?

We have touched over 53,000 lives with Sigma Beta Delta membership. We don’t know what that honor society key and certificate did for their self-esteem, or how happy they are to be able to add a business honor society along with the others.

You represent the number of historically black colleges and universities that did not have a student honor society. For example, when we began, there were a large number of schools that didn’t have a business honor society. We were able to assist those students with adding a new honor society to their schools, which also would not have been honored.
